# Why Invest in Kodiak Copper Now?

Focused on **effective, responsible copper exploration** – critical metal for the energy transition and AI, supply deficit looming due to the lack of new discoveries

**Management team with strong track record**, member of well-respected Discovery Group™ – founder and chairman Chris Taylor generated \$2bn for shareholders with sister company Great Bear

Projects in **existing mining districts in North America** – low risk, low cost regions with excellent **infrastructure** where mines can be permitted and built

Kodiak outlined **major porphyry district at MPD copper-gold project in Southern British Columbia** – achieved critical mass through consolidation and large drill campaigns (~90,000m)

**Initial resource estimate and positive metallurgical test results in 2025** – successful milestones in the **de-risking of the project**, laying the foundation for **future economic development** potential

**Significant opportunity for resource growth and additional discoveries** – all resource zones open for extension and ~20 additional target areas on property

**Solid capital structure** – \$8M cash, 96.6M shares outstanding, largest shareholder is Konwave AG
